The function of the Safe School Institute is to create a one-stop center for all aspects of school safety. The Safe School Institute keeps schools safe by creating a proactive dialogue with students, parents, school staff and law enforcement about personal and school safety and by providing students with a safe and anonymous way to report crime and potential dangers on campus.

Since its inception in 1997, the Safe School Institute has evolved into a FREE, year-round program that has educated over **1 million students** in 30 Greater Houston Area school districts.

The Institute delivers all three levels of prevention: **primary, secondary, and tertiary**. We are committed to reaching our audience whenever they are able whether it be during school hours or outside of school hours, on campus or off-campus. Whatever their needs are, the Safe School Institute is available at no cost to provide a customized format that addresses those needs.
